

Installation Instructions

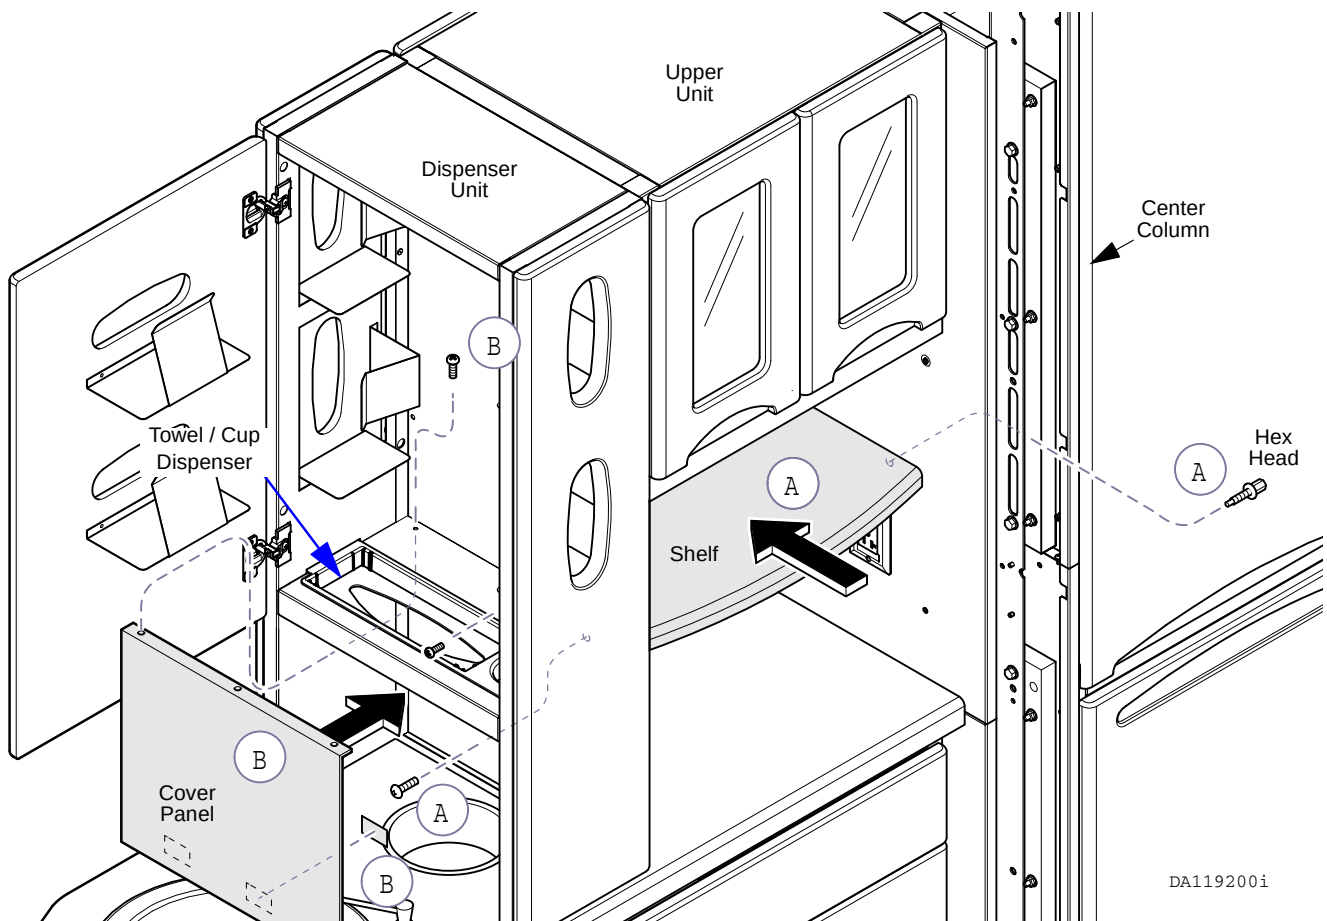

MidSection Shelf Privacy Panel

GENERAL INFORMATION

Midsection shelving is available in a laminate or solid Corian® finish, different widths, and lengths. Privacy panels also come in different sizes for installation in various locations on the Free Standing Center Console. The amount of hardware for mounting the shelves or panels is determined by these characteristics.

MIDSECTION SHELF INSTALLATION

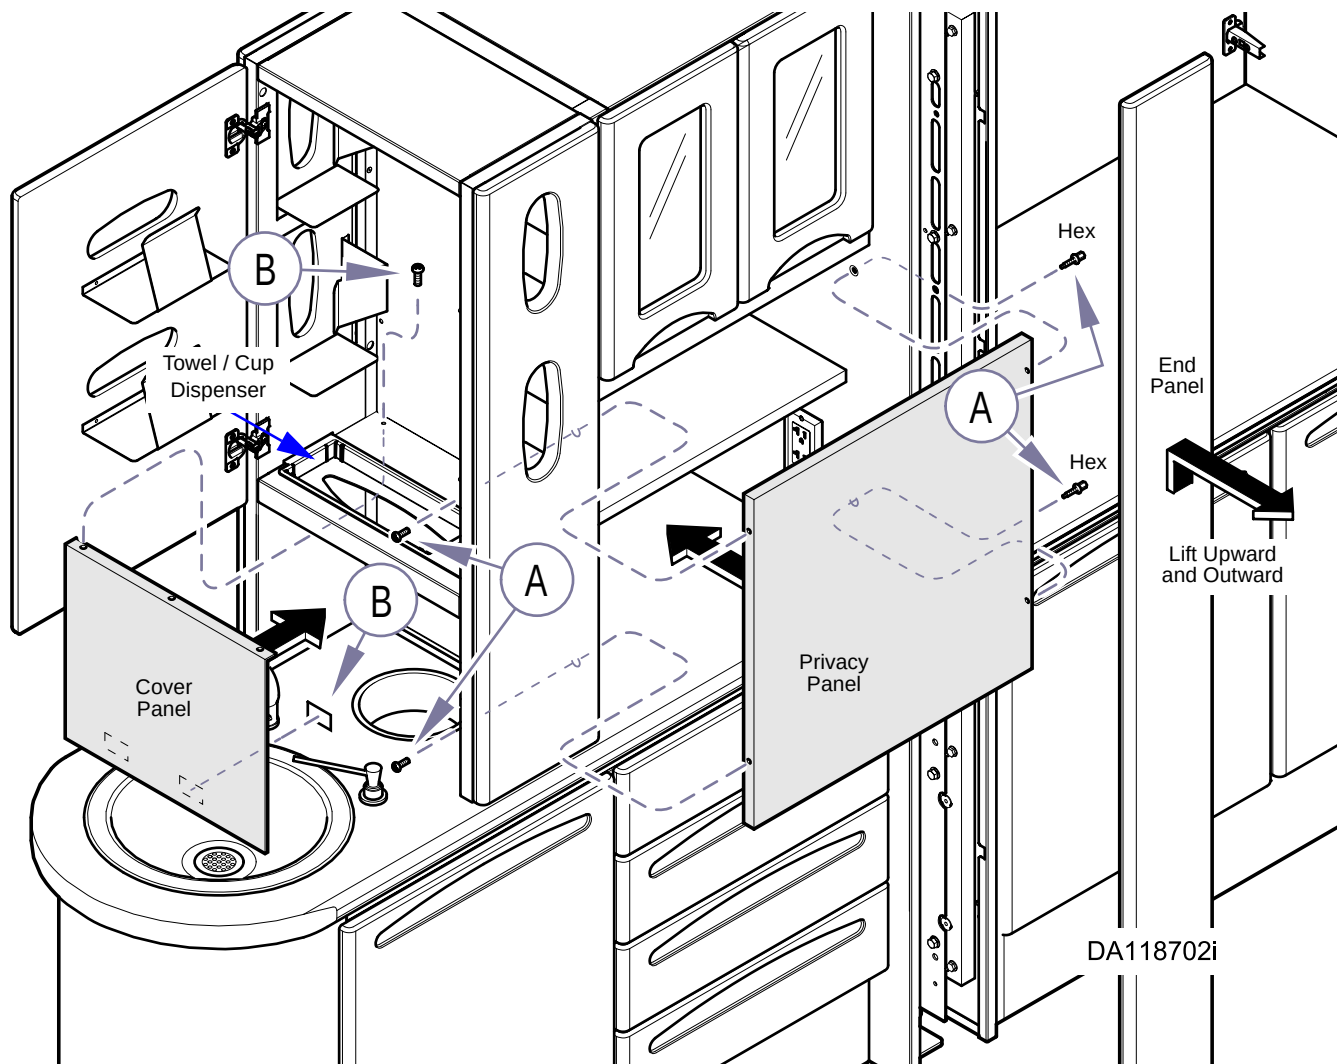

EQUIPMENT ALERT

Do not over-tighten hex head mounting bolts. Torque to 50-55 inch / lbs.

- A. Place shelf in position and secure with #10-24 x 5/8" screws. Use the hex head screws on Center Column side. Remove towel and cup dispenser.
- B. Remove cover from adhesive strips, press Cover Panel in position on Dispenser Unit, and secure with there #10-24 x 5/8" phillips head screws. Install towel / cup dispenser.

PRIVACY PANEL INSTALLATION

EQUIPMENT ALERT

Do not over-tighten hex head mounting bolts.
Torque to 50-55 inch / lbs.

- A. Place Privacy Panel in position and secure with #10-24 x 5/8" screws. Use the hex head screws on Center Column side. Remove towel and cup dispenser.
